### **Okanagan Valley Entrepreneurs Society Presents Exciting Announcements**

Kelowna, B.C. June 12<sup>th</sup>, 2008

The Board of Directors of the Okanagan Valley Entrepreneurs Society (OVES) is proud to present significant organizational development announcements with more to follow within one week of this date.

As of this date, The Chairperson of this unique and innovative provincial Entrepreneurial Society becomes Mr. Hans Looman, President of LCX Logic Circuits Inc. located on the Westside, an electronic circuit design and Manufacturing Corporation, recently launched in the Valley. Mr. Looman, a wonderful example of technological entrepreneurship at its best, succeeds Mr. Tom Light of Ontrack Marketing Solutions, who exited the Board management due to changes in his consulting practice geographically and in complexity.

Colin Parker, President of Red Giraffe Strategic Marketing, joined the board in the function of Vice Chairperson

The OVES Board has already initiated significant enhancements to the Society development in Okanagan Valley. One of these enhancements is the appointment of the Society's Advisory Council along with Special Guest Corporate Sponsors.

Today, OVES is further pleased to announce that VODA Computer Systems Ltd., has become a corporate sponsor and accepted a seat on the OVES Advisory Council.

Andrew Watson, President, VODA, remarks that, "becoming part of this innovative Valley-wide entrepreneurial organization is a wonderful opportunity and a great fit for our company. We see VODA as a true entrepreneurial entity and aligning with successful, as well as aspiring entrepreneurs made good business sense."

VODA Computer Systems is one of the leading suppliers of computer hardware, networks and related services in the Thompson Okanagan region, with sales and service centers in Kamloops, Kelowna, and a satellite office in Vernon.
