Voda Computer Systems Presents 5th Annual Technology Showcase ~Information Technology for Business~ “2010 and Beyond”

Thompson Okanagan, BC: Voda Computer Systems Ltd . is proud to be hosting their 5th Annual Technology showcase in Kelowna, BC. VODA is a leading supplier of hardware, software, networks and related services in Southern BC. VODA prides itself on delivering reliable products, superior customer service and technical support to our clients. It is because of this and their excellent relationships with vendors like IBM, Microsoft, HP etc... that they are able to bring an event of this size to the Interior of BC.

“ The effects of the global recession are being felt everywhere we look and no business can afford to stand still, “ says Voda Computer Systems Vice-President Mark Zienowicz. “Voda’s 5th Annual Information Technology showcase allows the local business community to sample various new and innovative ways to utilize the power of technology to become more productive. At a time when new investments are vigilantly scrutinized, it is exciting to know that the experts who are presenting at our showcase can provide valuable feedback on an individual level.”

The 5th Annual Information Technology for Business highlights VODA’s success with bridging the gap between the most innovative technology trends and the needs of small to medium businesses. The time is now to explore ideas for making your business more efficient. Learn how to optimize your operational efficiencies to improve productivity. This will help reduce costs, improve customer satisfaction and increase profitability. Join IT industry leaders as they showcase their technology products and services.

“As a leading technology company, we’re founded on the belief that in order to succeed, we need to commit, to perform and believe in our capabilities. We believe that those attending will benefit from the knowledge of the specialists we’ve brought together for this one day event.”
